* Where no public sewer is provided the lot size shall be increased to meet Health Department regulations.

** Not less than 30' or 20% of the lot depth, whichever is smaller, provided in no case shall it be less than 25'.

*** 5 acres plus one acre for each one-hundred or fraction of one-hundred students over one-hundred.

11,500 square feet (sq. ft.) for the first unit, plus 2,500 sq. ft. for each additional unit.

100' for the development and each townhouse lot shall have 20' for frontage.

Chart 2 - District and Use Bulk Regulations	Minimum Lot Requirements		Minimum Yard Requirements			Maximum Requirements		
	Lot Area (Square feet)	Width (Feet)	Front (Feet)	Side (Feet)	Rear (Feet)	Height (Feet)	Units per Acre	(%) Lot Coverage

###	10' on end or internal units and 15' where it borders an adjacent property.							
^	10' where it is adjacent to commercial and 20' where it is adjacent to residential.							
^^	10', provided the Planning Commission may allow a 0' side yard in the case of common wall buildings. Where these uses are adjacent to residential the side yard shall be the greater of 10' or the side yard in the adjacent residential zoning.							
^^^	The rear yard is 20' adjacent to commercial and 25' adjacent to residential.							
+	10', provided the Planning Commission may allow a 0' side yard in the case of common wall buildings. Where the use is adjacent to residential, the side yard shall be the same as the adjacent residential zoning plus 15'.							
++	20' where it is adjacent to non-residential and 40' where it is adjacent to residential.							
+++	25' where it is adjacent to non-residential and 40' where it is adjacent to residential.							
(The minimum front setback is 15', provided however that the structure may be equal to the setback of the adjacent buildings. If the adjacent buildings are setback a different distance, the minimum setback shall be the average of the two adjacent buildings. When an existing building is removed and replaced by a new building, the setback may be the same as the building removed or as otherwise provided above.							
((5', provided the Planning Commission may allow a 0' side yard in the case of common wall buildings. Where these uses are adjacent to residential, the side yard shall be the greater of 5' or the side yard required in the adjacent residential zoning. When an existing building is removed and replaced by a new building, the setback may be the same as the building removed or as otherwise provided above.							
((10', provided the Planning Commission may allow a 0' yard. Where these uses are adjacent to residential, the rear yard shall be the greater of 10' or the rear yard required in the adjacent residential zoning. When an existing building is removed and replaced by a new building, the setback may be the same as the building removed or as otherwise provided above.							
\$	300' where adjacent to single family residential and 25' in all other locations.							
\$\$	Height restriction does not apply to flagpoles, antennas and towers required for ziplines or waterslides provided they comply with the provisions of all pertinent codes and ordinances and provided they are located a distance equal to their height plus ten (10) feet from the nearest property line adjacent to residential.							
□	Three stories or 35', however this may be increased to 50' provided the following criteria are met.							
	<ol style="list-style-type: none"> 1. The proposal shall receive certification that adequate fire protection measures are designed into the development as reviewed by the Millington Office of Planning and the Millington Fire Chief. 2. An allowable fire flow is assured and all necessary water line sizes, and proximity to fire hydrants is certified as adequate by the Millington Office of Planning and the Millington Fire Chief. 3. The proposal is located adjacent to an arterial or collector status street to ensure adequate accessibility of emergency vehicles.
