

The Hydrant

NOVEMBER 2025 ISSUE

“YOUR SOURCE FOR INFORMATION”

OUR MISSION

The mission of the Millington Fire Department is the protection of life and property from the adverse effects of fires, medical emergencies or exposure to dangerous conditions through fire suppression, rescue, disaster preparedness, fire prevention and community education.

The members of this department, working together, will provide a professional and caring environment that is fair, honest, and ethical and that treats all individuals with respect and dignity.

Answers to Quiz questions:

1. 340,000 BTU
2. British Thermal Units: A unit of measurement for heat energy that indicates how much heat is required to raise the temperature of one pound of water by one degree Fahrenheit
3. Cooking Fires. The peak of these fires occurs during Thanksgiving. Remember there will also be fireworks right after Christmas for the New Year.
